

## Note on the Publication Schedule of Volume 19 (2009)

Karl Heinrich Hofmann and Karl-Hermann Neeb

Communicated by the Managing Editors

**Abstract.** This is a note of correction of an editorial error in scheduling the publications of Volume 19 (2009).

*Mathematics Subject Classification 2000:* 00A99

*Key Words and Phrases:* Editorial notice.

We regret to inform the readers of Journal of Lie Theory that a scheduling error has occurred in the preceding Volume **19** (2009). The article by Marina Avitabile and Sandro Mattarei on *Diamonds of Finite Type in Thin Lie Algebras*, received on July 30, 2008 and in final form on April 21, 2009, was published twice, namely on pp. 185–207 (in Issue no 1) and again on pp. 483–505 (in Issue no 3). We apologize for any inconvenience caused by this unintended duplication.
